

There's No End

Staircase Components

At Windsor we carry a complete selection of spindles, posts and rails. It's not that difficult to build a staircase with some good help... and at Windsor Plywood we want to be that help: We'll help you realize your dream staircase!

Pictured left: a combination of primed white spindles and newels, topped with a stained solid wood handrail.

Newels & Spindles

- a. Soft Top Double Fluted Newel Post; Hemlock or Oak

A Style for Every Home

At Windsor we specialize in finishing wood products... including railing and stairway components. We can do staircases, curved and straight and stock a full range of scrolls, goosenecks, and stair caps in both oak and hemlock.

Pictured is just a sample of the components available.

- a. Center Flat
- b. 90° Elbow 2-7/8 Flat
- c. 90° Elbow Mushroom
- d. Dover Post with a fancy cap
