Aspen style Lever

Troy style knob

WEISER LOCK[®]

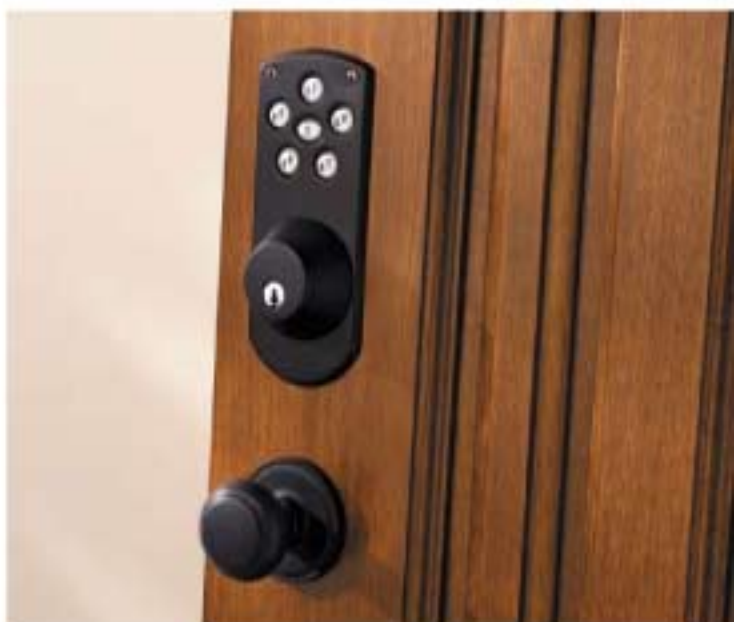

One of our most popular gripset styles, the Augusta shown in Iron Black finish

Powerbolt Keyless Door Locks

Powerbolt provides the convenience of keyless door locks and entry systems for today's active lifestyle. The latest in electronic technology operates on just 4 AA batteries and permits access with your personalized code or a key. It is easy to install, easy to program and easy to use. Powerbolt requires no wiring and easily replaces existing door hardware.

The perfect answer for a busy family with an active lifestyle.

Free Turning Collar surrounds the cylinder mechanism to resist pipe wrenches or plier attacks

Tapered Edge Outside trim at an angle that deters attacks with pliers or wrenches

Free turning Collar & Tapered Edge The best of both. Combines benefits of both styles.

Home Security

Styles for every level of home security. Features a sturdy 1" throw. When extended, the bolt is locked into position and cannot be forced back. The concealed free-turning hardened steel roller deters saw-through.
