Doors are the entrance to your home, so let us help you bring your vision to life, from start to finish.
Novatech Steel

Outstanding durability, security, and energy-efficient. When you need extra peace of mind without sacrificing curb appeal, our collection of steel doors has what you need. Easy-to-paint smooth finish. Reinforced lock block, wood edge construction, and kiln-dried finger-jointed pine bottom rail, with two coats of paint.
Vistagrande Flush-Glazed Fiberglass

Instantly brighten any room. Vistagrande offers a wider viewing area and cleaner appearance over traditional glass inserts. Available in a number of options including textured glass, SDL (simulated dividing lines), internal grids, decorative grids, clear glass, low-e glass and internal mini blinds.
Masonite Fiberglass

Durable, energy efficient and require minimal maintenance. These doors come in both smooth or textured wood-grain finish, and can be painted or stained – just like a real wood door. Masonite doors are offered in a wide variety of panel styles and glass designs. We will help you find your door!
Traditional Style Moulded Panel

Moulded panel doors from Masonite are manufactured to resist warping, shrinking and cracking better than wood doors. These beautifully engineered doors are durable and available in a smooth or textured (embossed wood grain) finish, with matching bifolds to suit any décor. Primed white and ready for paint, these doors are available in a wide range of widths and heights. Safe ‘N Sound solid core upgrades available.

Don’t tear out that old door jamb. If it is square and in good condition, reuse it!

We machine match new doors to your old ones for an exact fit. Our shop can drill for lockset, mortise for hinges, install peep-holes and decorative glass lites.

If you do need to replace your existing door jamb, most locations can prehang it for you.
